Subject: Request for Immediate Implementation of Plan Actions, Lakeview Rock Products, Inc.,  
Thomas Pit, M0110002, Davis County, Utah

Dear Mr. Burggraf:

Division personnel, Ms. Beth Ericksen visited the Thomas Pit site on October 18, 2007, which has resulted in the following request for action items associated with the permit NOI.

The table below identifies the necessary action and whether this action is affiliated with the current plan that will require an amendment (A), if the action required is a result of not following the plan (NOI) outline (I), or if the action description is suggestive only. As shown in the table, the required change is identified along with referencing the particular rule, picture number and deadline.

Action Description	A or I	Required Change	Rule	Picture reference	Deadline
Ensure adequately sized berms are placed along upper on-site access roads	I	Implement	R647-4-107		November 1, 2007
Improved on-site upper access road maintenance is suggested	S	N/A	R647-4-107		N/A

The Division considers the above-mentioned actions are plan and erosion control related. These issues can possibly be MSHA health and safety related as well. Please contact MSHA at 801-524-3450 for more information.

Please contact Ms. Beth Ericksen at 801-538-5318 once the berms have been re-established on the upper access road.
